ASSISTED LIVING FOR SENIORS

Two of the most pressing problems for seniors today are their housing and health needs. **Joy Assisted Living** in Springfield provides safe, secure, affordable accommodations. The facility is a licensed Assisted Living which provides a gracious lifestyle and very attractive abiance. All the comfort and privacy of home without the cares or worries of a big house.

Another concern for seniors is their health. Seniors are realists and they know their health status can changes very quickly. However, premature placement in a Nursing Home robs them of their dignity and independence. All they require is some supervision, support, and assistance. **Joy Assisted Living** provides them with the supportive care they need.

Joy Assisted Living provides the solution to both problems - a nice place to live and all the assistance you need. Owned and operated by a local family, we invite your inquiry and welcome your visit. Come see what a difference we can make - you will be impressed.

NUTRITIOUS, APPETIZING MEALS ARE CAREFULLY PREPARED AND GRACIOUSLY SERVED BY AN ATTENTIVE STAFF IN OUR MAIN DINING ROOM.

GRACIOUS LIFESTYLE

Joy Assisted Living is more than a new address - it is a whole new lifestyle for seniors to enjoy. The one monthly fee covers everything; a beautifully decorated private suite or a comfortable shared accommodation, three delicious meals, utilities, housekeeping, laundry services and a variety of recreational programs.

Residents plan their own day and set their own pace. They do as much or as little as they want; come and go as they please, and enjoy companionship with men and women of the same age, interests and values. Best of all - the residents have peace of mind because a competent and well-trained staff is on duty and at your service anytime of day or night should the need arise.

When living alone is no longer feasible and a nursing home is not appropriate or desired, make **Joy Assisted Living** your home. We'll treat you like family.

THERE IS, PICTURED ABOVE, A BEAUTIFUL PRIVATE DINING ROOM WHICH RESIDENTS MAY RESERVE AT NO CHARGE FOR SPECIAL CELEBRATIONS OR PRIVATE FAMILY GET-TOGETHERS.

SUPPORTIVE CARE

Joy Assisted Living offers Supportive Care. This is the kind of care most seniors need, welcome, and want. It is not the skilled care found in a nursing home.

Supportive Care means residents receive all necessary help with bathing, grooming and personal hygiene. We also provide medication monitoring and nutrition management, as well as periodic assessments provided by our nurse.

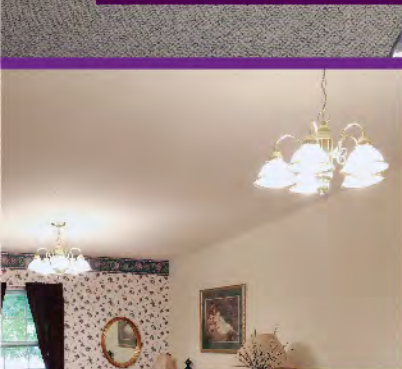

This kind of care and supervision allows the residents to live their golden years to the fullest in comfort, security and dignity. Come live with us and receive all the Supportive Care you require at no additional charge.
